ariadne.ai is hiring a Student Assistant

We are looking for a short-term student assistant to support us (January-March, option of extension). If you are interested, please send your short application including CV and a brief application letter to office-hd@ariadne.ai until **January 13th, 2019**. The job interviews will be held **in our office in Neuenheim**.

JOB DETAILS

- Cutting-edge machine learning technology
- Assistance in image processing of large datasets
- Annotation and analysis of electron and light microscopy images using specialized software
- Insight into an innovative start-up company

REQUIREMENTS

- Staying in or around Heidelberg
- Well-performing laptop with the latest Windows, macOS, or Linux distribution
- Good spatial imagination
- Reliable and accurate working attitude with an eye for the details
- Fluent in German and/or English language
- Background in biology, biotechnology, medicine or a related subject would be a plus
- Experience with electron and light microscopy images would be a plus

WHAT WE OFFER

- Flexible workload and working hours, approx. 15h/month (10-15h/week in January/February and on-demand in March depending on the workload)
- Working from home and in a beautiful office space in HD-Neuenheim close to Neuenheimer Feld/ Mathematikon
- Ongoing training in histology and supervision
- Young, dynamic team
- Starting date as soon as possible
